

# Javelin

***One Software,  
Endless Applications***

***Javelin5 provides easy & flexible features to manage all card design, printing needs & encoding solutions***

#### **Total Environment Integration**

Design, manage database and printing jobs in the same integrated window with total versatility

#### **Powerful Imaging & Design Features**

Javelin5 makes it easy to design great looking cards with its capacity to integrate any image type and powerful design tools such as transparency, cut-out-color, rounded corners and so much more!

#### **Database Connections**

From CSV to ODBC, Javelin5 editions offer the optimal solution for every database need.

#### **Multi Professional Resources**

Encode magnetic stripe, contactless cards, manage biometric devices to print or encode data from fingerprints, connect to any smartcard application to encode at print time, manage overlays, barcodes, variable objects and much more ... all with the simplicity of a complete user-friendly solution.

#### **Printing Speed & Maximum Error Control**

In addition to Windows® drivers, Javelin5 includes more than 100 internal drivers for the most popular card printers on the market, optimizing printing speed and error control.

#### **Fast Upgrades & Easy Stock Management**

With RLL technology (Remote License Loader), upgrades can be delivered immediately via email. No delays and no extra shipping costs.

## ***Robust***

***Robustly structured application with continuous development***

## ***Simple***

***Developed with ease-of-use in mind***

## ***Reliable***

***New updates & releases that keep pace with market demands ensuring your application is never out-of-date***

***Javelin5 software is the ideal solution for:***

**Loyalty Cards**

**Membership IDs**

**Access Control Cards**

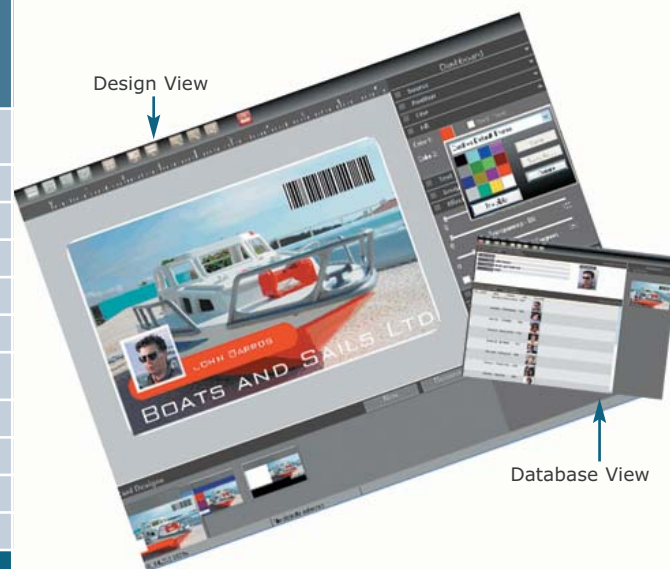

**Visitor Badges**

**Drivers Licenses**

***...and so much more!***

## Functionality at your Fingertips

Javelin5 Editions Upgrades available by email (using RLL technology)	Classic	Lite XL	Premier	Professional
Multi Lingual Versions: English, French, Spanish, German, Portugese, Italian	●	●	●	●
MS Windows® Compatible: NT, 2000, XP, Vista	●	●	●	●
Full Design Capabilities	●	●	●	●
Dual-Sided Cards	●	●	●	●
Image Acquisition (VFW, TWAIN, VWIA, DS, FILE)	●	●	●	●
Printing Variables (Date Time, Counters)	●	●	●	●
Printing Variables (Concatenation, Keyboard input)		●	●	●
Printing Variables (edit text on card only)	●			
Batch Printing (deferred printing of saved print jobs)				●
Multi Layout Card Designs				●
Clipart Manager		●	●	●
Signature Panel			●	●
Biometric Management				●
Magnetic Encoding (ISO, JIS)		●	●	●
Contact Smartcard Plug Ins			●	●
Contactless Cards (Mifare, HID, EM Prox, TI)				●
Barcodes 1D - Code39, 128	●	●	●	●
Barcodes 1D - All		●	●	●
Barcodes - 2D			●	●
CSV Database Import for Printing Only		●	●	●
ODBC Connectivity MS Access			●	●
ODBC Connectivity - All Databases				●
Separate Database Editing Window			●	●
Conditional Layout Printing from Database				●
Database Reports			●	●
Auto Print (automatically print cards when adding records)				●
Network Print (allows use of printer on LAN)	●	●	●	●
Network Print Server (allows sharing of printer on LAN)		●	●	●
Network Licences (allows several workstations on same LAN to use Javelin5)			●	●
Logins (separate access rights for each user)				●

### Face-Snap

Optional Plug-in (available in all Javelin5 editions)

For professional photo badge production, Face-Snap automatically identifies faces within an image file, cropping them with 10% of surrounding area, and optimizing all images for total consistency. **No external application required.**
